About Me

Currently studying Computer Science at the State University of Northern Paraná (UENP) on the Luiz Meneghel campus. I'm looking to become a high-level dev, at the moment I'm studying ReactJs, React Native, NodeJs, JavaScript, MongoDb, Python, Java, Postgress, among other technologies.

Professional Experience

AITEC scholarship
2022 – Present

I have other experiences, but not in the technology area.

Hobbies

I really like football (practice and watch), basketball (also practice and watch), play video games and study languages, currently learning French.
